volo sopra le città,
sopra le luci,
sopra al mare
sopra la vita..

Sospesa is a tale made of music and poetry.

Sospesa draws and permanently marks the path of a musician who challenges both classifications and clichés.

Sospesa collects frames of a life that is dense and rarefied at the same time.

Sospesa is experimentative, but it is not intended to be an exercise of style.

Sospesa is the joyful combination of jazz, auteur songs, classical and contemporary music

A record with a deeply intimate, autobiographical flavor, with very strong lyrics. A record that condenses his artistic and compositional spirit, confirming not only his excellent singing and interpretative skills. The presence of Roberto Olzer at the piano ensures elegance
